Information Disclosure Statement

Upon review of the file it was noted that the second page of the information disclosure statement (IDS) submitted on July 30, 2001 (paper number 4) was not initialed and signed. The information disclosure statement (IDS) submitted on July 30, 2001 is in compliance with the provisions of 37 CFR 1.97 and the reference provided in the IDS have been considered during prosecution. Examiner's Amendment

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on April 12, 2005, Mr. Thomas W. Cunningham requested an extension of time for a one MONTH and authorized the Director to charge Deposit Account No. 02-3978 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 14, after 'The method of claim' delete [1] and insert "12" therein.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

As indicated previously, claim 12 is free of the art of record because the art fails to teach that using the F3 FRT site sequence would result in at least a 25% recombination frequency as required by the instant claims. While multiple FRT sites have been used, there was no specific teaching that the use of F3 would result in the frequency required by the instant claims. Newly added claims recite specific selection genes and cell types fully considered in the prosecution of the application and are reduced to practice in the working examples of the instant specification. Claim 14 has been amended to be dependent on pending claim 12, in which it finds antecedent basis in step (c).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
